## What Is Taoist Erotic Tantric Massage?

**Taoist Erotic Tantric massage combines tantric breathwork and chakra study with the precise genital strokes of Taoist erotic practice.** This potent blend of conscious energetic expansion and evocative touch activates all the erotic & esoteric bodies. This course is very carefully guided so that you'll receive the highest quality touch as you learn the intimate anatomy of the body & learn to give special, devotional attention to your partner.

## What to expect

Friday begins with opportunities to connect in a heart space and **enjoy a sweet Puja** that creates a loving community for practicing such intimate work. Throughout, **Shakti elegantly offers both ancient metaphysical teachings & her own original work**, summarized as the "Gems of Awareness", that honor our sexuality & create a context for touch to be skillfully shared with a devotional and meditative focus.

Over the course of the weekend, couples will be guided in a myriad of strokes and skillful approaches of touch to **awaken physiological and energetic points in both male and female genitals**. With deep presence and honoring, you will explore the mysteries of the Yoni and Wand of Light, enhancing your capacity to bring pleasure and wholeness to your partner.
